

UIL Prep

Students in UIL

Ian Abdallah

- The hardest subject for him was science.
- The pressure with competing with other schools wasn't as bad because he has done it before
- He really likes UIL because it is fun
- And he works well with others

Devin Mata

- He doesn't get intimidated with competing with other schools because he is used to playing football against other big teams
- The hardest subject for him is science
- He work well with other UIL students because most of them are his friends

Lucas Jerrayas

- He doesn't cope well with the pressure but he motivates himself to get a good score
- He work and cooperates well with others
- Mathematics and number sense is the hardest subject for him
